Clementissimo Lectori.

Courteous Reader;

YOur kind Acceptance of my Annual Recreations has animated me once more to intrude on your Civility: 'Tis an absolute Ephemeris of the Celestial Motions and Configurations, with other things concomitant for the Year of Man's Redemption 1696. The Modus scribendi is still the same, the difference is in the Matter: Every Year presents us with something new; this in particular salutes us with such a famous and doubly repeated Balsamick Congress of the two Superiours that will excite and incline all the World to Tranquillity and Cessation of Arms, with the happy and long wish'd for PEACE within the Circle of a short time to follow. When the Almighty is pleased to period the great Effusion of Christian Blood, all Nations will be happy. We of the Kingdoms of England, Scotland and Ireland, are under the greatest Obligations to the Omnipotent GOD of any in Europe, for preserving that most sacred and illustrious Monarch KING WILLIAM III. and blessing his Victorious Arms against the Pride and Insolence of the Tyrannick Power of France. We have the Happiness of seeing our Enemies retreat, and losing one of their strongest Castles, and by his Majesty's Prudence and admirable Conduct obliged to return our Forces captivated contrary to the Laws of Arms.

'Tis not long since that the Tyrant of France insulted over his Neighbours, and presum'd to limit and prescribe Bounds and Laws to other Nations, is now by the Providence of Heaven, and the indefatigable Industry of his Majesty of Great Britain, in Conjunction with the Confederates compell'd to accept of such Returns himself, witness our bombarding his Towns, as well Inland and Maritime, his retreating and harassing his Armies in Defence of his own Territories; besides the universal Monarch perishes.

To conclude; Let us adore the ineffable Goodness of GOD, that we live in these Kingdoms so free from the Effects of War, or the trampling of our Enemies Horses at our Doors, and not only always be studying Loyalty and Obedience to our SOVEREIGN and Redeemer, but also humbly beseeching the great Creator to continue the Blessing and Preservation of his Majesty's Sacred Person, and grant him a long Life and happy Reign, with intire Victory over all his Enemies. So prays,

His most Obedient Subject, and Country's Annual Remembrancer,

WOODWARD

Hail! Royal PRINCE, Great *Britain's* matchless Glory,
Your Noble Actions far transcend all Story
Of Antient *Heroes*, or of Modern Powers;
The Honour's great, the Happiness is ours.
Your Valour and your Conduct so renown'd,
Proud *Lewis* and his Hopes do quite confound.

Observations.

Δόξα ἐν Ὑψίστοις Θεῷ.

God bless the Kingdom of *England* and the Rulers thereof, in their various Counsels and Debates under Consideration, for Matters of great Consequence are now in Agitation. If the *Trine* of the *Sun* and *Jupiter*, and the *Trine* of *Mars* and *Mercury* be of any Credit, the most generous and active Spirits of our Nation act vigorously, not only to prevent impending Evils, but to settle Affairs, and to remove those Obstructions which at this time are in the way to our Prejudice.

Good News arrives, and things seem to come to a happy Conclusion, which have been long under Consideration. The *Conjunction* of *Saturn* and *Mercury* will stimulate some scandalous and injurious Policies, Books or Writings, chiefly intended by the Authors and Promoters thereof to introduce Sedition, Jealousy and Fears; but the *Trine* of *Jupiter* and *Mercury*, with the *Trine* of *Mars* and *Venus* will set all in order again.

Dii justis cœptis favent.

It was great Courage, Conduct, and not Chance,
That baffled all the Powers of proud *France*.
If he a Summons to their Forces send,
No Trenches, Walls, Castles can defend
Against such brave *Antagonists* as H E;
There's no Defence unless Submission be.

Observations.

Quiſquis ſibimet proximus.

Here is a *Conjunction* of the *Sun* and *Mercury* at the beginning, with ſeveral *Oppoſitions*, and other Aſpects, which will produce very eminent Conſultations now depending, and much buſineſs of Concern as to Mundane Affairs; we hope a happy Period will be put to all Differences, and unruly Paſſions of the moſt violent Spirits amongſt us, from whom ſo frequently ariſe private Animoſities, and ſecret Diſguſts, notwithſtanding the moſt hopeful Endeavours of many prudent Perſons to prevent the ſame.

The *Oppoſitions* of *Mercury* to *Jupiter* and *Mars*, and the *Oppoſition* of the *Sun* and *Mars* will irritate ſome turbulent and male contented Perſons to expreſs their Malice to purpoſe againſt their Superiors, but let ſuch beware how they offend by any ſecret Plots or Deſigns.

Felix quem facient aliena pericula cautum.

The *Roman* Account is always *Ten Days* before the *Engliſh*; ſo that their 11*th* day is our firſt, their 20*th* our 10*th*, &c.

All Tricks and Treacheries he does deteſt,
As Acts moſt hateful to his generous Breaſt:
Whilſt the whole Army of the *French* lay by,
His Forces learn'd the Numbers to defy:
Their Garſons demoliſh'd in their ſight,
Whilſt they beheld, but did themſelves no Right.

Observations.

Rumoribus non semper fides adhibenda.

The *Opposition* of the *Sun* and *Jupiter*, and the *Sextile* of the *Sun* and *Saturn* prenote little Satisfaction in this Region of Vicissitude. We may now expect to hear of some Complaints, and 'tis very probable but that some Eminent Person or Persons will be accused, or impeached amongst us, perhaps some of the Long Robe, and this from the *Opposition* of the *Sun* and *Jupiter*.

Many grave and serious Consultations are on foot this Month, both at Home and Abroad; but towards the latter end the *Sextile* of *Saturn* and *Mercury* predicts good News for the industrious Merchant.

Veritas odium parit Blandiloquentia amicos.

Great God assist his Cause, and alway bless,
And glut his *Conquering Arms* with due Success,
THAT that perjur'd Tyrant, *Lewis* the Base
May be subdu'd, and all his Bloody Race.
Then farewell War, and Peace succeeds with speed,
While we triumph, the Tyrant's Heart will bleed.

at *London* Bridg.

Observations.

Ἔστι γὰρ ὁ φίλος ἄλλος αὐτός.

The *Trine* of the *Sun* and *Mars* advances some worthy and deserving Person to some Place of Honour and Trust, and shews also that the *Confederate* Army begins to be active in most Parts.

The *Square* of the *Sun* and *Saturn* denotes much Difference and Discontent amongst some Persons, who will be apt to murmur and repine against their Superiors, but they will meet with Rewards suitable to their Merits.

Lusus fortunæ variatur imagine Lunæ,
Crescit decrescit, constans consistere nescit.

The *Trine* of the *Sun* and *Jupiter* gives great Preferment to some worthy *Divine* or *Lawyer*, and that not undeserved.

Nullo magis honore lætatus est Augustus, quam cum ab universis maximoq; consensu Pater Patriæ consalutatus est. Sueton.

May hath XXXI Days.

When once the Rampant *Lion* 'gan to roar,
Proud *France* look'd tamely on, and said no more,
But cowardly in silence sneak'd away,
Left they should fall the *Albion Lion*'s Prey.
Thus th' HERO did the *Tyrant*'s Force defy,
And boldly made him give himself the Lie.

Observations.

Nil nisi bene de bonis dicendum.

Some eminent Person of the Female Sex submits to the Grave, or great Anxiety of Mind in this Kingdom.

Many Doors there are which open to Preferment, but the Keys of them are kept by the *Princes* of the Earth: But there was lately, or in this Month will be some eminent Honour conferr'd upon some deserving *Politician* of this Nation.

Arbor ex fructibus cognoscitur.

May the God of Heaven defend our *English* Territories from vain Fears and strange incredulous Reports, purposely contrived to affrighten and disturb our Peace and Tranquillity in the Affairs of Government.

Currat Lex, fiat Justitia.

This noble *Prince*, with him let us rejoice,
And ſing aloud with all our Hearts and Voice,
That ſuch a *brave Redeemer* he ſhould be
Of *England*'s Laws, Religion, Liberty:
That all Men wonder, yea much long to ſee
What the Event of ſuch great things will be.

London Bridg.

Observations.

Festina lente.

The Configurations of the Planets this Month are very notable and doubtless the Actions and Effects of them will be as remarkable; for Men will be more than ordinary active, and ready to fall into Heats, Passions and Animosities.

The *Conjunction* of *Jupiter* and *Mars* in a Human Sign, *Jupiter* being in his Detriment, may occasion the Effusion of much Blood, Depopulations and Devastations where Armies meet.

France now look to thy self, for there is the Scene, thou mayst perhaps pay dear for all thy Tyranny and Tyrannical Actions, if not become a Prey to thine Enemies for thy Cruelty.

Tergeminis honoribus fideles colunt.

Bleſſed Iſle! that's under ſuch Protection,
And always ruled by the wiſe Direction
Of one richly furnish'd with a Treaſure
Of Wiſdom and Vertue in great meaſure.
Truly valiant, magnanimous, free,
Of noble Courage, hating Tyranny.

Observations.

Cede Temporibus.

Some eminent Honours seem to be conferr'd upon deserving Persons near this time, and one or more Great Men receiv'd into Favour.

The *Opposition* of the *Sun* and *Saturn* is of pernicious Signification to some Persons; strict Inquiry made into the Actions of Persons, and many are called into question for their Transgressions, and receive a Reward accordingly. Good Intelligence arrives of some Battel won, or Castle or Town taken.

Also good News to the Merchant of the Arrival of some Ships richly lader.

Some great Martialist receives Preferment for his extraordinary Valour and Conduct in Martial Affairs.

Rex pius est Reipublicæ Ornamento

LORD of his Word, Master of his Passion,
Scorns the Shams which *Lewis* has in fashion;
Not too mistrusful, yet wisely wary,
Hard to resolve, and as hard to vary.
And to conclude, the World can hardly shew,
In one such *Valour*, and such *Vertue* too.

Observations.

Cole Justitiam.

The *Male-Configuration* of *Saturn* and *Mars* this Month will produce as Male Influences, which will foment great Divisions, some eminent Person in great danger.

Many *surfeit* themselves by drinking and Debauchery, many Complaints arise for want of Trade, *cum multis aliis.*

The Planet *Venus* is imbraced this Month by a *Sextile* of *Mars*, a *Conjunction* of the *Sun*, and a *Trine* of *Saturn*, which imports a Cessation of Arms for some time. There is now great Discourse of a Peace, and several Ambassages to that purpose, as well as close Consultations amongst the Commanders in chief.

Quid de quoq; vivo & cui dicas
sæpe caveto.

Our Mighty MONARCH the Design now lays,
And Blessings come an hundred thousand ways:
The Sword is drawn, and that the Work will do;
Before his Might the Bloody *French* shall bow.
His Sword does Wonders every day perform,
And smites the Foe like a resistless Storm.

Observations.

Dii superbos evertant.

Now, or near this time, expect to hear variety of News from remote Parts, the Heavens appear in a moderate and calm Order, and therefore portend nothing dangerous.

We may also expect the Arrival of several Agents, or Ambassadors about Matters of great Concernment, which will doubtless end happily and prosperous for the *British* Kingdom.

Here's Promotion or some singular Favour conferr'd upon some deserving Person, either *Clergyman* or *Civilian* amongst us.

Matters are carried on with much Activity; some great News of a Victory obtain'd now arrives. May the *English* be ever prosperous against their Enemies: all will be well.

Quod fiat Precor.

Good KINGS, like *Sol*, their Royal Beams display,
Their Presence only, like the *Sun*, make Day;
In them a sacred Spring of Good does lie,
Their Happiness is our Prosperity.
What Monsters then amongst us, must there be
To serve themselves, throw off all Loyalty.

Observations.

Fortis fortuna adjuvat.

The general Affairs of *England* appear in very good order. May his Majesty of *Great Britain* be ever glorious in the Esteem of his Loyal Subjects, and let his Enemies tremble at his Name.

The latter part of this Month is taken up with sober and deliberate Counsels tending to the healing of Breaches and composing of Differences to good purpose, the Work is prosecuted very effectually, to the great Honour of the British Monarchy.

Serus in Cælum redeas; diuq;
Lætus interfis Populo Britanno
Neve te nostris vitiis iniquum
Ocyor aura
Tollat. ——— Hor. lib. 1. Od. 2.

Renowned *Prince!* there's none so great as HE,
That ventures Life and Limb to keep us free
From *French Dragoons*; he dissipates our Fear,
That we live now 'en almost void of Care.
May *WILLIAM*'s Glory scale the *Azure* Sky,
And may his Fame survive Eternity.

Observations.

Pax optima rerum.

The many Benevolent Aspects of the Planets this Month promise us much Harmony; amongst the rest, we may expect to hear very pleasing Intelligence from Abroad, and a good Understanding of Things at Home, which will be well.

If turbulent Spirits and Malecontented Persons do secretly express their Malice, they shall not fail of a Reward suitable to their Crimes. We wish a happy Period to all Differences and unruly Passions of the most violent Spirits amongst us, who still endeavour to foment Faction and Controversies: But,

Qui ante non cavit, post dolebit.

And where is now the *Engliſh* Male-Content,
That dares in whiſp'ring notes his Malice vent
Againſt King *William*'s Merit and Renown,
Whoſe noble Actions Fortune ſtrives to crown,
(In ſpite of Malice) with a Victor's Fame,
That's ſuted to the Greatneſs of his Name?

London Bridg.

Observations.

Consilium dandum libere amicis.

Near the *Sun*'s *Ingress* into the *Tropick* Sign *Capricorn*, there is a *Quadrate* of *Jupiter* and *Mars*, and a *Conjunction* of *Saturn* and *Mars*, they are superiour Planets, and portend great and notable things, not only in the *Microcosm*, but also in the *Macrocosm*; for such Configurations very rarely pass over without leaving some remarkable Impressions of their Influences.

Of the ECLIPSES of the LUMINARIES happening this present Year 1696.

WE shall here once more rest upon the credit of our *English Ephemerides*, as presuming them agreeable to truth, (having not at present so much leisure as the Calculation requires, through our other Avocations.) They describe to us but two visible *Eclipses* only, which will be both of the *Moon*; there will be two also of the Sun, but invisible in our Horison. Those of the *Moon* happen in the following order:

The first defect of the *Moon* will be on *May* the 6th day, about midnight, in 27 degrees of the Martial Sign ♎; the *Moon* loseth her light on the very *Cusp* of the Angle of Honour, it will be a visible and total *Eclipse* worthy of observation.

Eclipsis ☽ in ultimo decano ♎, eadem imminutur, atque: in super inter mortales plurimum fœvit morbo, ritu, seditionibus cædibusque.

The second will be on *October* the 30th day, about 4 in the Morning, celebrated in 18 degrees of the Sign ♈ *Aries*; this also will be a great and total Eclipse, and happens in the eighth Angle of the Heavens. The *Moon* is eclipsed exactly in her *South Node*.

Quando ☽ eclipsis in 10 mediis gradibus, regine obitum, & satrum seminumque, sterilitatem immittit.

☞ On the fourteenth day of *December* will happen a famous *Conjunction* of *Saturn* and *Mars*, in 26 degrees of *Capricornus*, and will be as famous in its effects also, especially in Southern Parts of the World; and to all particular Persons who are concerned in the Degree wherein the *Conjunction* is celebrated.

The glorious Planet *Venus* will be our bright Morning-Star from the beginning of the Year till the 23d day of *August*, at which time she is transited by the *Sun*, and so becomes our bright Evening-Star all the remaining part of the Year, and also till the 12th day of *June*, 1697.

Astro-

Astrological OBSERVATIONS *on the Year*, 1696.

Deduced from a continued Consideration of the Triple *Conjunction* of *Saturn* and *Jupiter*, *Anno* 1682 and 1683, with their late like Triple *Opposition* (whose Effects *Europe* is still labouring under,) together with the foregoing *Luminarian* Eclipses, the *Sun*'s Vernal *Ingress* into the Celestial Sign *Aries*, and the other *Æquinoctial* and *Tropical* Signs, as concomitant Significations of the Heavens, *&c.*

The twinkling Spangles of the azur'd Heaven,
The Course, Force, Vertues of the glorious Seven,
We now discourse of, the Celestial Signs,
Where Sol the Seasons of the Year confines.
Mount up, my Muse, that I may contemplate,
The wondrous Works, God did for Man create.

Here we find the violent, fixed and fiery Sign *Leo* on the Cusp of the Ascendant, and the warlike Planet *Mars* posited therein, which denote, that the Nature and Inclinations of the People of *Europe*, in general, are fixed upon *War*, *Rapine*, and *Outrages*, and many violent Actions will be committed under such Positions yet for a season, *East* and *South-east* from *England*; 'tis very probable that there will be some Town or Castle taken from the *French*, or the bombarding of some of their Maritim Towns. *Mars*, Lord of the fourth in the ascendant, in *opposition* of *Venus*, Lady of the tenth, irritates and stirs up the Minds of the Common People against their Superiors, and makes them uneasie in their Allegiance, and willing to take hold of any advantage to redress themselves from Dragons and Arbitrary Governours; perhaps the *French* King may find some extraordinary trouble, in keeping his Subjects in due obedience; for as *Mars* is his significator, so he will find that there will be great Murmurings and Repinings amongst those People who have liv'd so long under that Tyrant's Tyranny.

Wars in their Rumour have a fearful sound,
But their Effects more terrible are found;
Countries destroy'd, Common-wealths o'erthrown,
Virgins deflower'd, by rape Cities tumbl'd down.
Ah France! the Horror's great of Civil Wars,
When with your Blood you satiate those Jarrs.

Our once famous *LILLY*, in his *Monarchy or no Monarchy*, Page 63, tells us of a Prophecy which begins thus: *Rex Francie depelletur à suis finibus à proprijs subditis*, &c. The *French* King shall be driven from his own Coasts and Confines by his own Subjects, for he will exercise great Cruelty and Tyranny against them, the Church of Christ being instigated thereunto by the *Bishops* and *Romanists*, who shall seduce him, and betray him traiterously for Money, &c. How probable these things are likely to be, I'll leave to the intelligent to judge. The *opposition* of the *Moon* and *Mercury* falling from the third and ninth Mansions, predicts little good to Travellers; our Roads are molested with Thieves and Robbers; our Merchants menaced with mean Returns, by reason of great and boysterous Winds, which may cause many Shipwracks, as well as loss and dammage by Pirats and Piracies, &c.

Qui

Cui fapit, ille Animum fortunæ præparet omni,
Præsensus, potest Arce levare malum.

Altho' these Positions are really bad, there are some good; *Jupiter*, Lord of the fifth, in the second applying to the *Trine* of *Chronos*, denotes Embassages; *Saturn*'s a Superior Planet, and signifies Kings, and Great Men: What if some Foreign Ambassadours should now arrive to promote a Peace in *Europe*? The *Sun*'s just entring his Exaltation, couragiously endeavouring to meet the God of War, by a most friendly Aspect, with mutual Reception, shews, as if the Monarchs of the Earth were willing that the Sword should have rest, as being weary with killing. These Positions signifie much Happiness to the People of *England*.

The Summer-Quarter commences when the *Sun* enters the Sign *Cancer*, at which time about 20 degrees of *Leo* culminates, and 7 degrees of the *Scorpion* ascends: The most material Positions in the Scheme are the *conjunction* of *Jupiter* and *Mars*, and the *opposition* of *Saturn* and *Mercury*; the first falling in a Human Sign, *viz. Virgo*, may for a while carry on some fair pretence with a religious shew, as if Treachery would never be acted again; but the second soon discovers all, and some private quarrelling among themselves lets loose the reins of Ambition, and speedily brings News of some great Fight by *Land* or *Sea*, or both, in which will be much effusion of *Blood*: The *Moon*'s application to the *conjunction* of *Mars* augments the matter. The Common People suffer much Depopulations and Devastations; many great Men fall by the Sword: but we of the *English* Nation, have the greatest cause in the World, daily with Hearts and Hands, to give Thanks and Praises to the Omnipotent God, not only for his Infinite Mercy in removing the Seat of War into another Land, but likewise for his Great Goodness, in preserving King *William* [illegible] only [illegible] Sacred Person, (even in the midst of dangers) upon whose Preservation depends the Future Happiness and Peace of all *Europe*, and more particularly the Honour, Safety and Grandeur of these his Majesty's Kingdoms and Dominions; and that the Great God may still continue his Blessing and Preservation, ought to be the constant Prayers of all His Majesty's Obedient and Loyal Subjects.

Last

Lastly, As I am a *Professor* of *PHYSICK*, I signifie to all Persons labouring under any dangerous and stubborn *Maladies*, That I am sufficiently stored with *choice* and *wholsome Remedies*, honestly and faithfully prepared, without adulteration; and have also (by my own hand, through many Years experience) fitted them for the cure of most Diseases, and Defects curable, incident to the Bodies of *Men*, *Women*, and *Children*; namely, the *SCURVY*, *Cholick*, *Agues*, *Dropsies*, *Feavers*, *Coughs*, *Griping in the Guts*, *Chin-coughs*, *Worms*, *Jaundice*, *Rickets*, *Bloody-flux*, *Itch*, *Vomiting*, *Convulsion-fits*, *Loosness*, *Giddiness*, or *Swimming in the Head*, *Melancholy*, *Consumption*, *Cold and Foul Stomachs*, (which cause many Diseases) *Stone*, or *Gravel in the Kidneys*, *Rhumatism*, *Pains and Weakness in the Limbs*, *Green-sickness*, *Vapours*, and other Diseases peculiar to *Women*, the *Gonorrhœa*, or *Running of the REINS*, as also *CLAPS*, *French POX*, and their *Symptoms*, *Swellings*, *Ulcers*, *Scabs*, and the like: Giving ease and rest when other means have fail'd. I bless God, I speak without boasting or ostentation, That many *hundreds* of the *City* and *Suburbs* of *London*, and *Towns adjacent*, have been cured of deplorable Diseases by my Advice and Medicines: Therefore I emit this Admonition, That all Persons having occasion, either in *City* or *Country*, may participate of the power and Efficacy of my many Years experienced *Medicines*, being designed and published for a Universal Good. The Vertues of four or five of my Medicines follow:

1. My *Family Pills*. The reason of the publication of these *Family Pills*, is not only for variety-sake, but also to oblige such Persons that may be deterr'd from taking my *Cordial Pills*, because of their sometimes vomiting Operation. These do not any, unless the *Sick*'s Stomach be foul, or much obstructed, (there being not the least Grain of any *Emetick Ingredient* in the whole composition) notwithstanding their efficacy is inferior to my *Cordial Pills*, in exturpating chronick and difficult Maladies. However, as to their Virtues, I shall say what I know by experience, proposing them as a general Remedy, as far as Purging is requisite against most Diseases, in which they have performed their Office with as much ease and safety, and in as short a time as can in reason be expected, having often times in a Month, three Weeks, or in fourteen Days time, and sometimes less, cured very deplorable Diseases. They are infallibly good in the cure of

the

the *SCURVY*, *Dropsie*, *Jaundice*, *Sciatica*, *Agues*, *Convulsions*, *Apoplexy*, *Melancholly*, *Rheums in the Eyes*, *Head-ach*, *Giddiness in the Head*, *Sleepy Evil*, *Dulness of Hearing*, *Dimness of Sight*, *Stinking Breath*, *Vomiting*, *Pains in the Stomach*, *Liver*, *Spleen*, *Gripings in the Breast*, *Bowels*, or *Joynts*. These *Famous Pills* open *Obstructions* of both *Reins* and *Bladder*, cure the *Green-sickness*, *Barrenness*, help *Fits* of the *Mother*, and other Diseases peculiar to *Women*, quicken the Senses, purifie, cleanse and sweeten the *Blood*, resist Putrefaction, and Corruption of the Humours and Diseases thence proceeding, afflicting the *Head*, *Liver*, *Spleen*, *Gall*, *Stomach*, *Reins*, *Bladder*, *Joynts*. These *Pills* are excellent against the *Cholick*, *Shortness of Breath*, *Coughs*, *Colds*, *Rheums*, or *Distillations*, as also *Vapours*, *Stings*, *Gnawings*, *Cloggings*, *Stuffings*, or *Illness at Stomach*, expel *Wind*, and speedily cure the *Griping of the Guts*. They are esteemed *Famous Pills* to purge the Body after *Fits of Sickness*, or excessive *Drinking*, or before *letting of Blood*, and for such to take that drink *Tunbridge*, *Epsom*, *Islington*, or other *Waters*. *They retain their Virtues several Years*, *put up in Tin Boxes*: *The whole Box contains 36 Pills*, *price 3 s. The half Box 18 Pills*, *price 1 s. 6 d.*

II. My *Cordial Pills*, are both famous and excellent in assisting and fortifying decaying Nature; for whatever destructive or morbifick Matter lurks in the Body of Man, these *Pills* will soon drive it out, and in its place render the Body healthful, having been so effectual in curing all manner of *Surfeits*, *bad Digestions*, *Griping in the Guts*, *Dropsie*, *Green-sickness*, *extream Pains of the Gout*, *Exulceration of the Kidneys*, *Head-aches*, *Convulsion-fits*, *Feavers*, *Leprosie*, *Difficulty of Breathing*, *Pain of the Stomach*, &c. and for the *SCURVY*, they are the best *Pills* in the World. These *Pills* are famous for resisting all *Foulness* and *Infection* in the *Act of Generation*, mundifie and cleanse both *Blood* and *Skin*, restore and increase *Beauty*, make *Old Age* comely, and the *Complexions* of all Persons Chearful and Sanguine; scarce a Malady offending from Head to Foot, but these *Pills* (with God's permission) will be found very assisting. These *Pills* are also famous for lasting, they will not corrupt, (if you keep them from moisture) tho' kept an Hundred Years, and that no Drug-medicine will do: wherefore they are serviceable for those that sail both to the *East* or *West-Indies*; for some that go such long Voyages, miserably perish for want of so choice a Medicament. These *Pills* are

the

the Cheapest, considering their Goodness, that ever Man used, standing Centinel in the Body, not admitting Nature's Enemy to enter: for as they are composed of the best Minerals, so they cannot but be the best of Medicines, much transcending any Medicament of its designation and intention. These *Cordial Pills*, taken at the beginning of Diseases, will, under God, be a means, by their salutiferous and friendly Operation, to save many a Pound, and prevent the *Sick* of being tortured with violent *Vomits*, *Salivation*, *Blisters*, *Issues*, *Cuppings*, *excessive Boulding*, and the like; for really, the exact preserving of Health consists not in such practice, but by such Medicament that is able, by its purity, and noble preparation, to pacifie the enraged Parts of Man: *Ergo*, kind Countrymen, embrace these *Pills*, as Jewels, they'll be found of more worth than a thousand ill-prepared incongrous Medicines, that are daily vended both in *City* and *Country*. As the *Pills* are beneficial for those that go to *Sea*, so they are for those that live in the Country, remote from able *Physicians*: Therefore, I advise all such not to be wanting of these *Pills* in their Houses, being in a manner Physick upon all occasions; and for that reason (God willing) I will be well furnished therewith. *The Box contains* 18 *Pills*; *Price* 18 d.

III. My *Pills* only prepared for the cure of *CLAPS*, *French-POX*, *Running of the REINS*, and their *Symptoms*, as *Pains in the Head*, *Shoulders*, *Arms*, *Shin-bones*, *Heat and Scalding of Urine*, *Aching Pains in making Water*, *Soreness or swelling of the Yard or Skin*, *whitish*, *yellowish or greenish Matter issuing from the Privy Parts*, sometimes *stinking & poisonous*, sometimes *thick*, sometimes *thin*, with *pain*, and sometimes *little* or *none*, occasioned for the most part by a *pockey Contagion*, that seizes at the time of Coition or Copulation. They are also excellent for the *Relicks* of an old *CLAP*, ill cured. With these *Pills*, my *Diet-drinks*, and *Antidotes* against the *POX*, many Cures have been effected, extirpating the *Venom* and *Malignity*, without *flux of* or *salivation*, or the least cause of suspicion; if been trading with an unclean person, take these *Pills* in time, they prevent as well as cure. *The Box contains* 18 *Pills*; *Price* 2 s.

IV. My *Elixir Salutis* has been experienced many Years, an excellent *Cordial Drink*, and to oblige those persons that cannot take *Pills*, I publish this *Elixir*; it has been given to young and old, and proved it self successful in the cure of the following Distempers, *viz.* The *Cholick*, *Griping in the Guts*, *Scurvy*,
